RIVER GREAT OUSE (ELY OUSE)

DATE: 3 January 2022 – Until Rescinded

LOCATION: approx. 200 – 300 yards downstream from Popes Corner NGR: TL 53608 75315 W3W ///unionists.vented.duration

DETAILS: Following further investigation and an incident that took place on the evening of 3rd January 2022 we can confirm a sunken vessel is present within the right side of the channel (looking downstream) at the above location. Due to the channel width at this point this obstruction is still completely passable by craft. Although the stricken vessel is visible above the waterline and has been marked we still advise to exercise extreme caution if navigating this area of river at the present time until recovery has taken place and this notice rescinded.
