

NAVIGATION RESTRICTION NOTICE

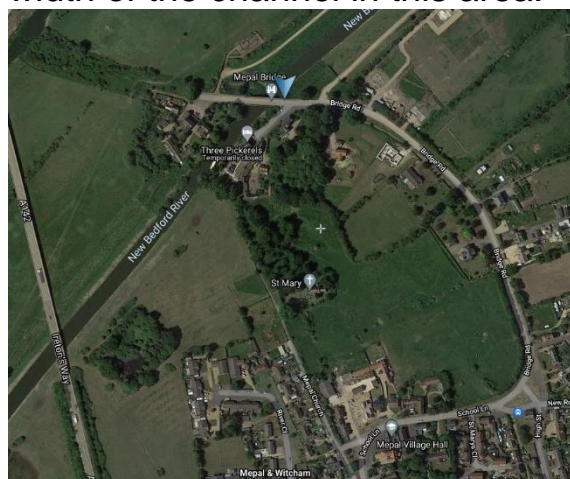

NEW BEDFORD RIVER

DATE: 5 October 2022 – 12 October 2022

LOCATION: Mepal Pumping Station - TL 44029 8134
What3Words – Conspire.flexed.petrified

DETAILS:

Please be advised works to provide a new ultrasonic gauging station at Mepal will commence adjacent to the Mepal Bridge on 5 October 2022 for 1 week. The gauging station will be made up of 2 transducer racks installed on either side of the banks on the New Bedford River. These racks will sit on piles which will be driven into the bank using a pontoon mounted piling rig no larger than 13.65m by 6.3m thereby reducing the width of the channel in this area.

Please take care when navigating in this area and adhere to any signage or instructions from the contractors on site.

For further information, please contact Richard Norg Fenech (Lead Designer) on 01733 715960 or Ben Fabian (Contracts Manager) on 07977 187487
