

NAVIGATION RESTRICTION NOTICE

Section 15 Anglian Water Authority Act 1977

Environment
Agency

RIVER GREAT OUSE – (Little Ouse)

DATE: 7 February 2022 – 4 March 2022

LOCATION: Little Ouse Railway Bridge – Brandon

Grid Reference: TL 7670 87143

What3Words: urgent.crispier.asterisk

Please be aware contractors working on behalf of Network Rail will be undertaking further health and safety repairs to Little Ouse Railway Bridge. This will again necessitate scaffolding being constructed under the bridge, during which time headroom will be reduced by no more than approximately 300mm when in place.

A temporary, floating pontoon will be used to erect/dismantle the scaffolding. This will be moved to allow boaters to navigate through, however river users are advised that short delays of up to 30 minutes may be experienced.

Please take care when navigating in this area and adhere to any signage or instructions from the contractors on site.

For further information, please contact Sam Breach, Project Manager at Balfour Beatty on 07894 835774 or email samuel.breach@balfourbeatty.com
