

REPORTED OBSTRUCTION NAVIGATION ADVISORY NOTICE

RIVER STOUR

DATE: 15 April 2022 until further notice

LOCATION: Fullingpit Side Weir, Below Brundon Mill River Right <https://w3w.co/timing.changed.idealist> Easting & Northing: 586872, 241948 British NGR: TL 86872 41948

DETAILS: Please be aware that we have received a report at the above location of a fallen tree across Fullingpit Side Weir on the River Stour between Brundon Mill and Mill Acre. The weir is located on river right looking downstream and from the photograph of the tree it does not appear to be completely blocking navigation, however we urge caution if navigating within the area and to keep to the left of the river at the weir if navigating downriver and to the right if travelling upstream at this point. We will investigate further and assess the situation as soon as it is practicable to do so, and a follow up notice may then be issued. You can keep up to date with all navigation notices issued for the River Stour using our shared online TeamUp calendar;

<https://teamup.com/ks328171e14483fa80>

For further information, please contact the Environment Agency on 03708 506506 between 9am and 5pm Monday to Friday and ask for the Great Ouse Waterways team or call 0800 80 70 60 in an emergency and out of hours.
